Tony Hogarth has over 25 years experience as a legal practitioner and practises in the areas of commercial, banking and finance, business, property and migration law.

Tony provides legal advice to a variety of major corporations, financial institutions, business entities, commercial and retail property clients. His commercial practice involves negotiating and drafting agreements for a range of industries as well as advising on business structures, companies, trusts, partnerships, business structures, re-organisations, banking and finance law.

Areas of Practice

- Commercial law
- Property law
- Business law
- Immigration law

Experience

Tony has more than 15 years experience in commercial and property practice. He has prepared submissions to government for a number of industries, including retail shopping centre proprietors in relation to changes to the *Retail Shop Leases Act* and the business migration sector for changes to the business migration laws.

He has acted for many property owners in the development, management and leasing of retail shopping centres and commercial buildings, advising in all aspects of property management, and development advice.

Industry sectors in which Tony provides advice include, banking and finance, commercial securities, residential, commercial and retail property development, corporations, franchising, restaurants and catering businesses, hotels and tourism and hospitality related businesses, primary producers and family businesses.

In addition to his legal work, Tony has delivered numerous papers for tourism industry seminars and legal conferences including participating in a series of seminars provided Statewide to members of the tourism industry through the Queensland Tourism Industry

Corporation. Tony has also lectured in the Sports Administrators Accreditation Course and in the TAFE Body Corporate Management course.
